RE: Slabtown-Bluelick Roads Low Pressure Sewer Improvement Area

Dear Property Owner:

This notice is being sent to request your attendance at an Informational Meeting for the above referenced project. This project was initiated due to a Combined Allen County General Health District recommendation to install public sanitary sewers within the Slabtown-Bluelick Roads Low Pressure Sewer Improvement Area. This recommendation was based on water sampling and testing of drainage tiles and tributaries serving the area. Test results indicated a public health problem and pollution hazard.

This meeting will enable affected property owners to become familiar with the process for the construction of public sanitary sewers and answer questions in regard to the project. Items to be discussed will be project boundaries, funding sources, cost to property owners, schedules, etc. The Informational Meeting is scheduled for **Tuesday, April 2, 2024 at 6:00 pm at the Allen County Sanitary Engineer's Office (3230 N. Cole St.; Lima, OH 45801).**

If you have any questions, please contact our office at 419-996-4670.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ronald J. Meyer II".

Ronald J. Meyer II, P.E., P.S.
Assistant Sanitary Engineer
